11. kongres Hrvatske udruge kardioloških medicinskih sestara

^{11th} Congress of Croatian Association of Cardiology Nurses

15. kongres Hrvatskog kardiološkog društva

^{15th} Congress of Croatian Cardiac Society

27. 11. – 01. 12. 2024. Hotel Westin, Zagreb

Poštovani kolegice i kolege, dragi prijatelji!

Čast mi je i zadovoljstvo pozvati Vas da nam se pridružite na 11. kongresu Hrvatske udruge kardioloških medicinskih sestara i 15. kongresu Hrvatskog kardiološkog društva koji će se održati od 27. 11. do 01. 12. 2024. godine u Zagrebu /*Hotel Westin*/.

U skladu s tradicijom održavanja nacionalnog kongresa svake dvije godine i ove godine naš kongres će okupiti i ujediniti sve zdravstvene profesionalce uključene u kardiovaskularnu skrb.

Tema 11. kongresa HUKMS-a je „Multidisciplinarne perspektive u kardiovaskularnoj skrbi usmjerene na pacijenta“. Kako HUKMS prati trendove i perspektive Europskog kardiološkog sestrinstva tema je ista kao i za kongres EuroHeartCare2024 koji će se održati od 14. do 15. lipnja u Wroclaw, Poljska. Ova tema je poticaj da ostanemo ujedinjeni u očuvanju temeljnih vrednota i da jezgra naše prakse bude: pacijent.

Dear colleagues and friends,

It is my honor and pleasure to invite you to join us at the 11th Congress of the Croatian Association of Cardiological Nurses and the 15th Congress of the Croatian Cardiac Society, which will be held from November 27 to December 1, 2024, in Zagreb at the Westin Hotel. Considering the tradition of holding a national congress every two years, this year's congress will bring together and unite all healthcare professionals involved in cardiovascular care.

The theme of the 11th congress of the HUKMS is "Multidisciplinary Perspectives in Cardiovascular Care Focused on the Patient." As HUKMS follows the trends and perspectives of European cardiological nursing, this theme is the same as for the EuroHeartCare2024 congress, which will take place from June 14 to 15 in Wroclaw, Poland. This theme is an incentive for us to remain united in preserving fundamental values and to ensure that the core of our practice is the patient.
